**Should Not Feel Discouraged.**  
So many people troubled with indigestion and constipation have been benefited by taking Chamberlain's Tablets that no one should feel discouraged who has not given them a trial. They contain no poison or other digestive ferments but strengthen the stomach and enable it to perform its functions naturally. Obtainable everywhere. Adv.

**Cent a Word.**  
The cent a word advertising, which you can get in the News, is very effective. If you have a cow to sell, or a hog, or a horse, or anything else, or if you want to buy something, just use a short local in this paper. The price is a cent a word. Can you beat it?

**Told That There Was No Cure For Him.**  
"After suffering for over twenty-indigestion and having some of the best doctors here tell me there was no cure for me, I think it only right to tell you for the sake of other sufferers as well as your own satisfaction that a 25 cent bottle of Chamberlain's Tablets not only relieved me but cured me within two months although I am a man of 65 years," writes Jul. Grobein, Houston, Texas. Obtainable everywhere. Adv.

**We Have It.**  
After so long a time, we have been able to get colored card board, and have it in stock.  
The News is only a dollar per year—it's worth it, too.

**Thousands Gain Great Benefits.**  
Object Lesson Gained by Trials Always Repays for Many Hardships Endured.

Experience is hard task-master. Oftentimes we pay dearly for experience, but if even one great object is accomplished, experience pays.  
If the experience of war-ridden Europe will eventually establish real peace, the price will not have been too great.  
In the smaller planes of life each individual has some costly experience, only to learn some great object lesson. Disease often wastes years of some people's lives. They suffer years of agony and torture, only to be relieved by some remedy or treatment. Although they have paid dearly to secure this information, if they can relieve the sufferings of their fellows their experience has not been in vain.

Thousands of men and women in all walks of life are daily acknowledging the benefits they have derived from Tanlac in cases of catarrhal affections of the mucous membranes, stomach, liver and kidney troubles. They feel that they should come forward publicly and tell their experiences with the spirit of helping some unfortunate who suffers as they did.  
Tanlac has been found ideal in combating that tired, listless feeling that is only the forerunner of more serious complications. As a general tonic for half-sick, run-down men and women, it builds up the tissues, creates a keen appetite, promotes digestion, vitalizes the blood and brings back color to the cheeks and sparkle to the eyes.  
Tanlac, the great reconstructive tonic, is being especially introduced in Baxter Springs by the M. E. Reddy Drug store.

**MAKING** the "Silvertown" Cord Tire, taught us a few lessons in the manufacture of lighter, cooler, more flexible and enduring FABRIC Tires.

The "Silvertown" Tire, you know, gains its marvelous Speed (and the Coasting qualities that demonstrate its Speed) primarily through having only TWO layers of Cords, laid transversely.  
Of course, these TWO layers bend more readily than Five, Six, or Seven Layers of Fabric do (or of Cord would). But, we found it necessary, in order to conserve that flexibility (in the Two-cord construction), to put a Rubber Tread over it which was equally flexible, equally strong, and elastic enough to act as a sort of spring between the Earth and the Tire-casing, when Brakes were thrown on at stopping, or clutch thrown in at starting.  
So, we had to devise practically a new kind of Rubber, for this purpose, TWO YEARS AGO.  
And this new kind of Rubber Compound now does for GOODRICH Tires a work paralleling that done by the wonderful Alloys of Steel and Bronze in modern Motor Car construction.  
It multiplies Rubber Efficiency, for Tire purposes, while decreasing its Weight, and without increasing its Bulk, or its Cost to you.

As we cannot yet supply half the demand for "Silvertown Cord Tires" (until enough manufacturing equipment can be constructed) we compromise with the Public by giving them, without additional charge, the highly efficient black Silvertown Rubber in all Goodrich FABRIC Tires for 1916.  
This makes GOODRICH Fabric Tires the most Resilient and Responsive-to-Power, the most Long-Lived and Lively, of all FABRIC Tires, at ANY price, without increasing their relative price to you.  
We call this new Silvertown Tread Compound by the name and brand of "Barefoot Rubber."  
Because, it CLINGS to the pavement for the same sort of reason that your bare foot clings to a slippery floor, while being flexible, stretchy, springy, and light.  
TENACIOUS, resilient, enduring, this "Barefoot Rubber" you today get in all black-tread Goodrich Fabric Tires, Goodrich Motor-Cycle Tires, Goodrich Truck Tires, Goodrich Bicycle Tires, Goodrich Rubber Boots, Overshoes, Soles and Heels, and in none but GOODRICH products.  
Test out a pair of these moderately priced black-tread FABRIC Tires and see what results from the mixing of BRAINS with Rubber.

Chas. L. Smith.

Judge Dunbar is not showing any mercy or leniency to bootleggers convicted in his court. Last week he sent Butch Mitchell of Galena to jail for six months and fined him \$300 on one count. Bootlegging is not as popular as it used to be. Now, if the county commissioners just had the nerve to work the county prisoners the matter of crime would be solved, that is, petty crime. In the jail at the present time are a number of fellows who are in for from six months to a year. They will not be any account when they get out of jail, all on account of lack of exercise, and the chances are they will do petty thieving or go to bootlegging again to make a living. If they were compelled to work while being deprived of their liberty it would be much better for them, and they would be very careful to not get back in jail again. Prisoners should be allowed about a dollar and a half a day for their work, and charged what the county pays for their board (fifty cents a day), and in

T. D. BALLARD

a prominent druggist of Memphis says: "Much sickness could and would be prevented if the people would only remember that constipation is one of the first causes. As a reminder, I would suggest the slogan, 'Bexall Orderlies, the laxative tablet with the pleasant taste.' 'I suggest Bexall Orderlies as I know their formula and believe they are the best remedy for relieving constipation. They can be used by men, women or children.'"
